VA Loma Linda Healthcare System

PGY-2 Psychiatric Pharmacy Residency

Since 1977, VA Loma Linda Healthcare System has been improving the health of the men and women who have so proudly served our nation. The facility has 169 hospital beds and 96 beds in the Community Living Center (CLC). Outpatient services, such as Mental Health, are available at the VA Loma Linda Ambulatory Care Center (ACC). Services are available to more than 72,000 Veterans and include community-based outpatient clinics (CBOCs) located in Blythe, Corona, Murrieta, Palm Desert, Rancho Cucamonga, and Victorville.

Mission:

Honor America's Veterans by providing exceptional health care that improves their health and well-being.

Core Values:

Integrity
Commitment
Advocacy
Respect
Excellence

Program Objectives:*

- Serve as a resource on the optimal use of medications to treat individuals with psychiatric & neuropsychiatric disorders
- Optimize the outcomes of both inpatient & outpatient populations with a variety of psychiatric & neuropsychiatric disorders by providing evidence-based, patient-centered medication therapy as an integral part of the interdisciplinary team
- Establish collaborative professional relationships with other healthcare team members
- Prioritize delivery of care to individuals with psychiatric & neuropsychiatric disorders
- Demonstrate leadership & practice management skills
- Demonstrate excellence in the provision of training & educational activities for health care professionals, health care professionals in training, & the public
- Evaluate and improve the medication-use process in patient care regarding mental health

Practice Experiences:

- Complete medication therapy management
- Round with interdisciplinary teams
- Present research project
- Educate pharmacy students, PGY-1 residents, & healthcare professionals
- Participate in department & committee meetings
- Provide clinical interventions & documentations
- Complete journal clubs and topic presentations
- Affiliation with Loma Linda University Schools of Pharmacy & Medicine and Western University College of Pharmacy
